National 3 Peaks Challenge IN 24 HOURS

Hello there!

On 24th August I will be setting out with my friend Helen Kiddle to climb the 3 highest mountains in Scotland, England and Wales in 24 hours.

I am hoping to raise money for an RAF appeal to erect a magnificent 6-foot wide bronze sculpture in the Halton Grove at the National Memorial Arboretum. This is to commemorate the Halton Apprentice Scheme, started by Sir Hugh Trenchard in 1920, which subsequently saw 40,000 boys aged 15 – 18 recruited and trained in aircraft engineering at RAF Halton.

Eric

I shall be undertaking this venture in honour of my wonderful late father, who was himself one of Trenchard's Brats. Dad treasured his time at Halton, learning a trade, establishing his career, developing his personal qualities and making lifelong friendships.

I WOULD BE SO GRATEFUL FOR YOUR SUPPORT!

Thank you for reading, Caroline x
